Alliance for Response-Miami

Mission and Goals

The Alliance for Response (AFR) - Miami is dedicated to building a partnership between the art and cultural community, the first responders and emergency management community in Miami-Dade and Monroe counties. The goals of the Alliance are:

- To facilitate a partnership between the Alliance members, first responders and emergency managers in Miami-Dade and Monroe counties. This partnership is meant to enhance cooperation and understanding before the next emergency and/or disaster.
- To provide preparedness and outreach opportunities for both the art and cultural community, the first responders and the emergency management community.
- Develop a robust incident command structure for the Alliance to respond to large-scale emergencies and disasters.

What We Do

- Does your staff and volunteers know what to do before an emergency and/or disaster?
- Are you prepared to protect your institution's unique documents, photos, recordings, artifacts, works of art, and other valuable assets?

The Alliance for Response-Miami can help you prepare! The Alliance believes that today's planning is tomorrow's preparedness. On an annual basis we offer tabletop exercises, training courses and other educational and networking activities for AFR members. We also work together during an emergency and/or disaster to support our members and protect their institutions.
