Evacuation Center Medications Cont..

- * When will the store reopen?

Evacuation Center Medications Cont..

In the event a client at an evacuation center is in need of prescription medications. The EOC Human Services Branch Director will make a request to the ESF 18 position. This request will contain the following information:

These individual requests will be included in a summary report which will be sent to the ESF corporate partners participating. These partners will then indicate to ESF 18 which requests they will meet and their estimated time of completion.
