

Emergency Preparedness

Threat, Risk, Vulnerability
Preparing For Emergencies

Evaluating Your Threat

- Natural Events
 - Severe thunderstorms
 - Tornadoes
 - Tropical Systems
- Technological Threats
 - Hazardous Facilities
 - Dams
- Direct Man-Made
 - Theft

Evaluating Your Risk

Threat

- Theft
- Flooding
- Loss of power

Risk

- Loss of property, do you have enough insurance?
- Loss of facility, objects
- Any items that need a narrow climate control environment?
- Loss of security system

**THE THREAT AND RISK DRIVE YOU TO
DETERMINE YOUR VULNERABILITY**

Overcome The Vulnerability

Vulnerability

- Flood
- Power Loss
- Theft

Mitigation

- Build outside of flood zones
- Raise the facility
- Back up generator
- Security system

Work With Local Responders

- Preplanning
- Reportable Hazardous Materials
- Hazards on site (not meeting reportable quantities)
- Invite them for a tour
- SARA Title III
- MSDS
- Animals
- Illegal Activities
